Natural Avalanche b/w Cooke City and Silver Gate

Date
Mon, 02/27/2023 - 18:05
Activity
Skiing

I think this natural avalanche happened about 24-48 hours ago. (pretty sure it wasn't there 2-3 days ago?). It's an E, SE aspect, about 9200', between Cooke City and Silver Gate.

Region
Cooke City
Location (from list)
COOKE CITY
Observer Name
